

Day Time, Night Time

Supplies: 2 paper plates, scissors, pencil, 1 brad, paint, markers, or crayons.

Step 1: Use a paper plate or trace around the outline of a plate on a piece of cardstock.

Step 2: Cut out one circle. Cut the other circle (or plate) almost in half.

Step 3: Draw a smaller circle inside of the bigger circle. Paint daytime sky on one half of the edge and nighttime sky on the other half.

Step 4: Paint the sun on one half of the inner circle and the moon on the other half.

Step 5: Paint grass and flowers on the half circle.

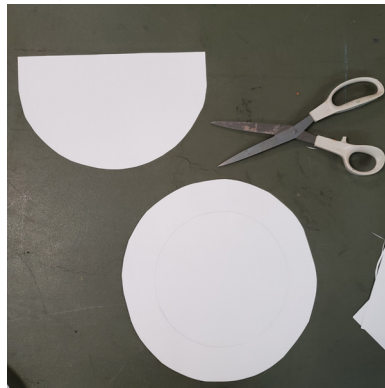

Step 6: use a brad to secure the two pieces together.

Rotate the half-circle and watch as your scene changes from day to night!
